RUSSIA IS PLANNING TO PREVENT TROUBLE

Does Not Want France And Germany to Go to War.

RUSSIA IS MUCH CONCERNED

A War Would End the Possibility of Contracting Another Loan in Paris of Which Russia is in Urgent Need. Hope of Agreement Abandoned.

St. Petersburg, Feb. 28.—Russia is using all her influence at Berlin to prevent a rupture between France and Germany. Her action has been taken at the instance of Paris, where the Rouvier government is apparently convinced that Germany proposes to persist in her attitude even to the point of provoking war.

On account of those relations existing between the courts of Berlin and St. Petersburg, it is believed, in France, that Russia will have more influence on Emperor William than any other power.

Earnest representations in favor of concessions to insure avoidance of an appeal to arms were accordingly being made to which Germany replied that she had no desire to provoke war. Nevertheless, she gave indication that she proposed to modify her attitude, and Russia's latest advices from Algeiras say that practically all hope of agreement has been abandoned.

The head of the Russian reports that the conference will be fruitless, although he expresses a decided opinion that hostilities will not result. Russia is much concerned about the situation, as war between France and Germany would greatly embarrass her. Not only is Russia so engrossed with the internal situation as not to be able to offer aid to her ally, but war would end the possibility of contracting another loan in Paris, of which Russia is in urgent need.

Premier Witte has now become a distinct advocate of an Anglo-Russian understanding, and it is understood that negotiations have been or are about to be reopened in London to determine the status of this agreement. If they are successful, a new grouping of the powers will undoubtedly check Germany's ambitions. The main obstacle to an understanding is the dispute regarding the respective spheres of influence of Russia and Great Britain in Persia, as the Russians are loath to abandon their plans for reaching the Persian gulf.

Land Frauds Discovered.

Salem, Feb. 28.—Fifteen forged land certificates of the Oregon school land were presented to the state land office covering several thousand acres of land in southern Oregon. The land certificates are purported to have been issued in 1902 to Frank Toland, of Wisconsin. Toland, it is alleged, was brought out from Wisconsin by the defendants in the recent government land fraud trials at Portland to controvert the evidence of the prosecution. It is understood here that the certificates were given Toland to recompense him for expenses incident to his appearance at the trials.

Danish Explorer Leaves for West.

New York, Feb. 28.—Captain Mikelsen, the Danish explorer who has been in this city for several weeks preparing for an arctic expedition which is to leave San Francisco, has started for the west. The expedition is going to Banks Land under the joint auspices of the Royal Geographical Society of London, and the American Geographical Society. The American society gave the explorer money to purchase a vessel on the Pacific coast.

To Pave Public Square.

Gainesville, Ga., Feb. 28.—There seems but little doubt now that the public square in Gainesville will be paved with varnished brick this year. It is understood that Mayor McCreath and a majority of the members of council propose to pave the square and pay for the work as they go. It costs a considerable sum to keep the square clean, and in wet weather it is a regular lobby of mud.

WILL BE TRIED FOR MURDER.

Gaffney, S. C., Hotel Man Will Be Put on Trial Thursday.

Gaffney, S. C., Feb. 28.—George Hasty, charged with murder of two actors, Bennet and Davison, of the "Nothing but Money" company, last December, was arraigned here Monday. Hasty's attorneys made the point that they were entitled to copies of the indictment three days before the arraignment.

The contention was promptly overruled by the judge. The cases were both set for Thursday morning.

Interest in the case is at fever heat, and is almost the sole topic of conversation.

Misses Bishop and Sheridan, ladies of the theatrical company, who are witnesses, appeared before the grand jury. The grand jury returned true bills in both cases.

Unless there is a change of venue granted or a continuance secured, the cases will be tried at this term of the court.

ROYAL MARRIAGE AT BERLIN.

Berlin, Feb. 28.—The Duchess Sophie Charlotte, of Oldenburg, daughter of the reigning grand duke of Oldenburg, by his first marriage with Princess Elizabeth, of Prussia, and Prince Eitel Friedrich, the second son of the emperor and empress, were married at 5 o'clock Tuesday afternoon in the chapel of the palace by the court chaplain, Dr. Dryander.

Rain was falling on the chapel dome but the inside was lit by hundreds of candles, showing the delicate costumes or uniforms of about 500 persons belonging to the royal families of Germany or the principle nobility, the cabinet ministers and a number of generals and admirals. Ambassador Tower and Mrs. Tower were present in the diplomatic circle.

Perfect Weather for Carnival.

New Orleans, Feb. 28.—Perfect weather marked the annual carnival celebration here Tuesday. The light rains of Monday were succeeded by bright sunshine, and an agreeable fall in the temperature, which had the effect of bringing enormous crowds into the streets to witness the annual pageant of his majesty, Rex, and to participate in the revelry of the day. The morning trains continued to pour people into the city from all the surrounding country and all the signs indicated the largest attendance of strangers in the history of the city. Promiscuous masking was general.

Charged with Murdering Father.

Roanoke, Va., Feb. 28.—R. L. Traynham has been arrested here charged with the murder of his father, J. B. Traynham, on the night of Feb. 18. The feeling here was very bitter against young Traynham, and it was thought advisable to take him to Lynchburg for safekeeping. Just as the train was entering the latter city Traynham rose from his seat and with an exclamation, fell back in the arms of Officer Overstreet. When he was taken from the train he was found to be dead. Whether it was suicide or heart failure, is not known.

His act attracted the attention of the audience and the players on the stand, and when an usher went to his aid, it was found that he had collapsed. A physician was summoned and he announced that McPhail had been stricken with apoplexy.

Miss Busch to Wed Scherer.

Pasadena, Calif., Feb. 28.—Members of the Busch family still have not decided on the date of the wedding of Miss Wilhelmina Busch and Lieutenant Edward Scherer. When the formal announcement of the engagement was made by Adolphus Busch, the girl's father, he said, the performance of the ceremony would depend upon the arrival of friends who are expected from the east, but that it would probably occur some time this week. The final arrangements have not yet been made, but it now seems likely that the wedding will take place Saturday, and that the ceremony will be performed at 4 o'clock in the afternoon at the Church of the Angels, with a reception later in the winter home on South Orange boulevard.

Mr. Blackburn's bond was fixed at \$1,000, and was signed by E. J. Harris, former candidate for governor.

Invitations to Wedding Nulled.

Meridian, Miss., Feb. 28.—Hardly more than a moment after wedding invitations had been mailed announcing her marriage to Tobias Gibson Sinclair for March 7, Annie Bertha Cahn, a prominent young woman in Jewish society circles, received Cyrus W. Scott at her home, and in less than two hours they were married. The successful suitor was an old sweetheart, and came from Houston, Tex., Saturday. He had not been off the train very long before he visited the Cahn homestead, and then it was that Miss Cahn yielded, after winning stormy argument with her parents, Mr. and Mrs. Edward Cahn.

Heavy Snowfall in Ohio.

Cincinnati, Feb. 28.—Monday night's snow was one of the heaviest and most widespread of the winter, and Tuesday a heavy mantle of white covered the entire Ohio valley. In this city only three or four inches of snow fell, but it drifted badly and seriously interfered with street car traffic. The storm was still raging early in the day at Ironton, O., where it was reported to have reached a depth of 15 inches on the level, blocking street traffic and delaying all trains. A fall of 7 inches during the night was reported at Charleston, W. Va., and the snow was still falling Tuesday.

ROOSEVELT ACTS PEACEMAKER

Operators' Committee of the Interstate Agreement Have Been Asked to Meet to Consider the Question of a Conference with the Miners.

Pittsburg, Feb. 28.—Acting on the advice of President Roosevelt, made through International President John Mitchell, of the Mine Workers, and Francis Robbins, of the Pittsburg Coal company, and leader of the bituminous operators, the latter has called a conference in this city for Wednesday of the president's committee, who are members of the interstate agreement in an endeavor to arrange some means of preventing a strike of the bituminous coal miners on April 1.

In reply to President Roosevelt's letters, published Tuesday morning, Mr. Robbins sent the following to Washington, D. C.:

"Hon. Theodore Roosevelt: I found your letter on my return from New York Tuesday morning. Have asked the operators' committee of the interstate agreement to meet me here on Wednesday to consider the question of a conference with the miners. Will advise you of result Wednesday. Very respectfully, Francis L. Robbins."

Natchez Mardi Gras a Success.

Natchez, Miss., Feb. 28.—Ideal weather, just cool enough to make outdoor life comfortable, favored the ninth annual celebration of the Natchez mardi gras carnival. Rex made his triumphal entry at 12 noon, arriving on the royal yacht Senator Cordill. A naval parade with all the local boats and the government fleet in line, twelve in all, announced his arrival. The king and his retinue attended by cadets from Jefferson military college, Washington, Miss., and Chamberlain Hunt academy, Port Gibson; United States Marines from the monitor Arkansas, and the Quitman Rifles, of Natchez, Governor Vardaman and the state legislature, arrived at 11:30 on a special from Jackson. It is estimated that 20,000 strangers are in the city.

Mobile Carnival Well Attended.

Mobile, Ala., Feb. 28.—Mardi gras was ushered in Tuesday morning with the coldest weather prevailing for this time of season in many years, but had little effect upon those participating in the events of the program. The greatest ever produced by the famous Mystic Societies were witnessed Monday night and Tuesday by the largest gathering of people ever assembled in this city on similar occasions. It is the most successful carnival in the history of Mobile and the far-famed Knights of Revelry today was a marvel of beauty both in artistic and mechanical skill.

Part of this second track has already been extended out from the main line.

J. H. SPARKS' BIG VIRGINIA SHOWS

Drew a Large Number of People to City to See Elephant.

THE STREETS WERE CROWDED

And the Street Parade Was Witnessed by Old and Young—Show Was First-Class and All Acts Well Done—Attendance Quite Large.

The weather on Wednesday morning was cool and bright, but at an early hour the people from the country commenced to assemble on the streets to watch for the street parade of John H. Sparks' show, which was set for 12:30 o'clock, and when it did show up the streets were literally black with people.

At the appointed hour the performance for the afternoon was given before a large crowd, the big tent being nearly filled. The acts of the numerous artists were all clean-cut and deserved the applause bestowed. One thing at a time is enough to satisfy the average audience, and as there are no walls, one act following the other in rapid succession, the Sparks show pleases the people.

Many of the acrobatic feats were first-class, the slack-wire performance very clever, and the big elephant did his stunt without being prodded with a sharp hook by his keeper, which was decidedly refreshing to people who have any feeling for dumb animals. The trained ponies are fine, and the Sparks company has a fine array of talent under good management.

They have the confidence of the people, because they have a clean tent show.

MERCURY MAKES WRECKS NOT CURES

Thousands who have had their health ruined by Mercury testify that it makes wrecks instead of cures in the treatment of Contagious Blood Poison. While it may mask the disease in the system for awhile, when the treatment is left off the trouble returns with renewed violence, combined with the disastrous effects of this powerful mineral.

Mercury and Potash, which is also a common treatment for Contagious Blood Poison, eat out the lining of the stomach and bowels, produce chronic dyspepsia, cause the teeth to decay, make spongy, tender gums, affect the bones and muscles, and leave its victims complete physical wrecks. I suffered greatly from Contagious Blood Poison. I consulted physicians who prescribed Mercury. Nothing did me any good—in fact the treatment proved more harmful than beneficial. A friend told me that S. S. S. had certainly cured him, and I immediately commenced its use, and in a short while I could find no trace of the disease. This was two years ago, and I can truthfully say I am entirely cured. Bowling Green, Ky. D. M. SANDERS.

Another effect of this treatment is mercurial Rheumatism, the worst and most hopeless form of this disease. There is but one certain, reliable antidote for this destructive poison, and that is S. S. S. It is the only medicine that is able to go into the blood and cure the disease permanently. S. S. S. does not hide or cover up anything, but so completely drives out the poison that no signs of it are ever seen again. S. S. S. is made entirely of roots, herbs and barks, and while curing Contagious Blood Poison, will drive out the effects of any mineral treatment. We offer a reward of \$1,000 for proof that S. S. S. contains a particle of mineral of any kind. Book with instructions for self-treatment and any medical advice wished furnished without charge.

AN ENJOYABLE WHIST PARTY

Given by Dr. and Mrs. J. H. Alderman in Honor of Miss Johnson.

One of the most enjoyable social events of the season was the whist party tendered by Dr. and Mrs. J. H. Alderman at their home on Alabama avenue, Tuesday evening, in honor of Miss Celia Johnson of Atlanta, who is their guest.

The guests were admitted to the hallway by little Miss Jessie Chesnut, when they were received by Mrs. H. H. McCreary and presented to the receiving party, composed of Dr. and Mrs. Alderman, Dr. Seigler, Miss Johnson, Mrs. W. L. Seigler of Waldo and Mrs. W. M. Johnson.

After indulging in social conversation the guests engaged in a game of progressive whist. An exciting contest ensued and the ladies' prize, which was a handsome cut-glass bowl, was cut for by Mesdames Duncan and J. M. Dell, Jr., the former winning the prize and in a gracious manner presented it to the guest of honor. The ladies' consolation prize, a beautiful hand-painted china nut bowl, was cut for by Mrs. W. R. Steckert and Mrs. Geo. P. Morris, the latter being the successful contestant. The gentleman's prize, a handsome leather cigar case filled with pure Havanas, had to be cut for by Messrs. John Chesnut, Benmont Tench and Ben Richards, the latter carrying off the honor. Dr. J. H. Colson having failed to score a point during the evening, was awarded the "booby," an elegant deck of cards. Miss Ida Burkheim kept the score during the game. Mrs. Geo. W. Brumley presided at the punch bowl and Mr. W. R. Steckert presented the prizes in that felicitous manner for which he is noted.

The house was profusely decorated, the yellow scheme being carried out in the hall, pink in the parlor and red in the dining-room.

Delicious refreshments consisting of salad, coffee, strawberries and cream were served during the evening.

The hostess was handsomely gowned in black lace over silk and carried a bouquet of pink carnations, while the guest of honor looked very dainty in all white and white carnations.

THE GAINESVILLE GUARDS.

Adding New Men to the Company. Have a New Gallery Target.

For some time past the Guards have been doing considerable work without making much noise about it, and in the past three weeks have added upwards of a dozen men to the roll and are striving to make the company as good as any in the State. Captain Layton has been doing much work to encourage the boys and he is entitled to credit for his efforts.

The company has recently received from the Government a gallery target so that the men will not have to go out to the regular range when they desire a short target practice. Reduced charges of powder are used for this purpose and the range or target can be placed in the armory and an electric light attached for night practice.

GOT HIS DIPLOMA.

C. C. Pedrick Awarded First Premium on Carriages.

C. C. Pedrick has at last received his diploma from the Florida Mid-Winter Fair for the finest buggies and carriages made in Florida and exhibited at the State Fair. This is a compliment to Mr. Pedrick and Gainesville, and it only shows what could be done in the way of a large factory if the people could be aroused.

There is no need of sending away for vehicles when we can make as good at home.

G. B. Burhans Testifies After 4 Years.

G. B. Burhans of Carlisle Center, N. Y., writes: "About four years ago I wrote you stating that I had been entirely cured of a severe kidney trouble by taking less than two bottles of Foley's Kidney Cure. It entirely stopped the brick dust sediment, and pain and symptoms of kidney disease disappeared. I am glad to say that I have never had a return of any of those symptoms during the four years that have elapsed and I am evidently cured, and heartily recommend Foley's Kidney Cure to anyone suffering from kidney or bladder trouble." J. W. McCollum & Co.

Man Hanged with Throat Cut.

Santa Fe, N. M., Feb. 28.—John Conley, a miner who on Jan. 16, 1904, killed James Redding and Charles Purdy at the Guadalupe placers, was hanged Monday at Taos, a few hours after being found in his cell with his throat cut. The wound, which had been inflicted with a pocket knife, did not sever the artery, and was quickly bandaged. Limp and almost unconscious Conley was dragged to the gallows and slipped through the trap, death resulting from strangulation.

Dangers of Pneumonia.

A cold at this time if neglected is liable to cause pneumonia which is so often fatal, and even when the patient has recovered the lungs are weakened, making them peculiarly susceptible to the development of consumption. Foley's Honey and Tar will stop the cough, heal and strengthen the lungs, and prevent pneumonia. LaGrippe coughs yield quickly to the wonderful curative qualities of Foley's Honey and Tar. There is nothing else "just as good." J. W. McCollum & Co.

Sneezing Caused Death.

Cincinnati, Feb. 28.—Death came to Bessie Cole, daughter of Stephen Cole of Bloomington, Fayette county, Ohio, Monday after a spell of sneezing which lasted ten hours. A physician was summoned, but his efforts to check the sneezing were of no avail. The breaking of a blood vessel was eventually the cause of her death.

FIVE PEOPLE MEET DEATH.

Family Ate Meat of Hog which Had Been Sick.

Savannah, Ga., Feb. 28.—Rufus Woods, of Collins, is at the Savannah hospital recovering from food poisoning. Mr. Woods and his wife, and three of their children, died of the disease.

From eating diseased pork contained in the animal which Mr. Woods and Mrs. Fred Cowart of Collins, the parents of Mrs. Woods, and three of their children have died. The medical men of the city are watching the developments in the case with great interest.

Two days before Christmas Mr. Cowart killed a sow that had been sick. It had, however, been fattened up somewhat, when the hog was slaughtered, the refuse was thrown to the chickens. Shortly afterwards the different members of the family began to be taken ill after eating portions of the hog and the chickens.

Miss Susie Cowart developed the most serious attack. She died on Jan. 26. Following her, Mrs. Cowart died on Feb. 4. Mr. Cowart was next. He died on Feb. 11. Miss Essie Cowart died on Feb. 15. Miss Vela Cowart died on Feb. 18. Mr. and Mrs. Woods were seriously ill. Mrs. Woods' condition being worse. It was decided that he had better come to Savannah hospital. There the physicians readily diagnosed the case as trichinosis and began to inquire into the things that had been eaten by the patient.

Their inquiries developed the state of facts set forth above and confirmed the diagnosis to the satisfaction of the physicians. The treatment has been successful, as has that of Mrs. Woods, and both are now considered out of danger.

Always Keeps Chamberlain's Cough Remedy in His House.

"We would not be without Chamberlain's Cough Remedy. It is kept on hand continually in our home," says W. W. Kearney, editor of The Independent, Lowry City, Mo. That is just what every family should do. When kept at hand ready for instant use, a cold may be checked at the outset and cured in much less time than after it has become settled in the system. This remedy is also without a peer for croup in children, and will prevent the attack when given as soon as the child becomes hoarse, or even after the croupy cough appears, which can only be done when the remedy is kept at hand. For sale by all druggists.

Labor Scarcity Working Change.

Barnesville, Ga., Feb. 28.—The farmers are putting in full time making preparations for the year's crops, and are taking advantage of every minute of time. They are considerably behind with their work, because of so much bad weather last month and the first part of February. The idea seems to be growing among the farmers to increase yield per acre instead of planting so many acres. This is necessitated by the scarcity of farm labor, the negroes having grown very independent about working for wages, and when they do work their labor is very unsatisfactory, and a great problem confronts the planter.

Afflicted With Rheumatism.

"I was and am yet afflicted with rheumatism," says Mr. J. C. Bayne, editor of The Herald, Addington, Indian Territory, "but thanks to Chamberlain's Pain Balm am able once more to attend to business. It is the best of liniments." If troubled with rheumatism give Pain Balm a trial and you are certain to be more than pleased with the prompt relief which it affords. One application relieves the pain. For sale by all druggists.

We may be a little shy on days at the present time, as we have forty Lent.

Spring hats are carefully examined by the ladies and much admired, and the gentlemen who accompany them look at the tags attached to them with fear and trembling.

About the time that Congressman Keifer of Ohio is checked back on the shelf again, he will realize that the people are tired of such nonsense as he puts forth in the House.

When Representative Littlefield of Maine wants to suppress gambling let him commence in the East and work West. He might find a field for labor among the Washington poker players.

Tampa contractors are hustlers. A woman made a contract for a new cottage, and in ten days she was comfortably settled in her new home and living happily. Guess Jacksonville will keep quiet now.

The war game seems to be changing, and the game of bluff is now all the go. If it can be made to work, there will be many lives saved, and it would look as though it were better to put up a big fleet of warships than a lot of human lives.

A lively campaign is what the people want. We also want men in office that will work for the best interests of county and State. When you work for the welfare of the county you help the State, for prosperous counties make a prosperous State.

An Atlanta lady is suing for a divorce, dispatches state, on the ground that her husband, Professor Stakely, choked her into submission whenever she objected to going to prayer-meeting. The prayers of such a man could only contain one feature that would be attractive—the "amen."

If the Senate makes too many changes in the Hepburn railroad bill, the President says he will veto the whole thing and start over again. By so doing the people will be made to wait until the next session of Congress for relief, while it could be said of the executive that "he said he would do the best he could—and he did."

If there is anything that pays as well as cotton, plant it, and don't let the men who run the bucket shops run the farmers. The brokers will always have the prices of cotton unsettled so long as they control it, and the growers should make a strong effort to drive them out of business. Supply and demand are the best regulators, and it is the true Democratic way.

The good opinion we had formed of February came very near being lost on Tuesday night and Wednesday morning. She had conducted herself with such propriety during about 28 days that when she commenced to act like a March day in the North on the 27th, many were almost led to exclaim, "Why, February, you are horrid." But before the last day had half begun the rays of Old Sol had removed much of the chill and the ground hog story was again knocked out.

CONSTITUTION II.

There is some disposition to make merry over the sanguine specifications in Senator Hale's bill to appropriate \$10,000,000 for the construction of a new, not to say novel, warship, "Constitution II," says The Milwaukee Sentinel. If the bill passes and the builders carry out the contract according to Senator Hale's reported ideal, "Old Ironsides" will indeed have a worthy successor in a ship that will make the world's navies look like fleets of arks and junks and revolutionize naval construction from the keel up.

The new Constitution, according to a New York account of the Hale bill, would be "a 20 knot craft of 24,000 tons displacement, and would have a lighter draught of water than other ships of her size in the world, thus enabling her to enter any port and with impunity smash everything within her gunshot distance." But to crown all, this nautical marvel is to have the remarkable property of being "non-sinkable and non-capturable." By a curious oversight, which should be remedied in an amendment, the bill omits to stipulate that the vessel must be non-capturable. With that proviso embodied "Constitution II" will certainly have them all backed off the earth.

The contractors who tackle this job of constructing an unsinkable, uncapturable, uncapturable battleship, capable of a trip inland when there is a heavy dew, will have their work cut out for them. It is suggested by one commentator that the contracting company's patents and secrets should be acquired and carefully guarded by the government, and the necessity for that is obvious. We ought to enjoy a close monopoly of warships of that sort. There is another consideration that Congress should attend to: "Constitution II," as described in the alleged Hale bill, would have to undergo some tremendous trial tests which might involve her destruction. In that event the builders should bear the loss.

KEIFER OF OHIO.

Representative Keifer, for no good reason that any sane person knows of, lost it that the people of his district desire to heap an insult on the national Congress, has been returned to his seat after a very pleasant absence, and he has made one of his brilliant moves by introducing a bill to cut down the Southern representation in the lower house of Congress, because of the alleged disfranchisement of the negroes.

The reduction by States called for in the bill is as follows: Florida, 3 to 2; Alabama, 9 to 5; Arkansas, 7 to 5; Georgia, 11 to 6; Louisiana, 7 to 3; Mississippi, 8 to 3; North Carolina, 10 to 6; South Carolina, 7 to 3; Tennessee, 10 to 8; Texas, 16 to 12; Virginia, 10 to 8.

Mr. Keifer was never accused by anyone of being endowed with any too much common sense, and his attitude on this question will show his weakness more forcibly than ever. But Mr. Keifer may be in a district of Ohio where he owes his election to the colored vote and may possibly have made a pledge. He has also made a laughing stock of himself. No sane man would do what he has.

The Atlantic Coast Line has authorized the purchase of forty-five locomotives, three thousand freight and forty-eight passenger cars for immediate delivery. This enterprising road is determined to push its equipment to a rapid efficiency to meet the demands upon it. The recent troubles and delays in delivery of freights on account of deficiency in rolling stock are not likely to occur again. This section of the State has suffered much inconvenience for want of cars in the past year, in the total amounting to a real grievance, and it is a pleasure to see steps being taken to remedy the condition. —Tampa Daily Times

We call the attention of The Jasper News to the fact that Hon. H. H. Buckman of Duval county, author of the Buckman bill, is a candidate for the State Senate from that county. Shall this fresh menace to the liberties of the people of Florida be permitted, or will Editor Caldwell take the field in person, arouse the spirit of vox populi and sic semper tyrannis all over the State and either defeat this Jacksonville plot against our altars and our homes, our lares and our penates, or perish in the attempt?—Live Oak Daily Democrat.

Engineer Maling, who has been looking up the drainage of the Everglades and declares the scheme is not feasible, has a hard time to make some of the fellows named Thomas believe he is what he claims to be. But there are others besides Mr. Maling who think the Everglades drainage impossible, even if we needed the land and were sure it could be tilled. There is plenty of land in Florida yet, and at low prices.

TO KILL THE DANDRUFF GERM.

Is the Only Possible Way of Having An Effective Cure. If you see a woman or a man with luxuriant glossy hair, you may be sure neither has dandruff to amount to anything. In nearly every case where women and men have thin brittle hair, they owe it to dandruff. There are hundreds of preparations that "claim" to cure dandruff, but not one but Newbro's Herpicide tells you that dandruff is the result of a germ burrowing into the scalp, and that permanent cure of dandruff and its consequent falling and baldness, can only be had by killing the germ; and there is no other preparation that will destroy that germ but Newbro's Herpicide. "Destroy the cause, and you remove the effect." Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

Gives Health, Vigor and Tone.
Herbine is a boon for sufferers from
anemia. By its use the blood is
quickly regenerated and the color be-
comes normal. The drooping strength
is revived. The languor is diminished.
Health, vigor and tone predominate.
New life and happy activity results.
Mrs. Belle H. Shriel, Middleborough,
Ill., writes: "I have been troubled with
liver complaint and poor blood, and
have found nothing to benefit me like
Herbine. I hope never to be without
it. I have wished that I had known of
it in my husband's lifetime." 50
cents. Sold by W. M. Johnson.

Blodgett Reappointed Postmaster.
Atlanta, Feb. 28.—According to a dis-
patch received from Washington, Post-
master Edwin F. Blodgett has been
reappointed head of the Atlanta office
by President Roosevelt. The nomina-
tion was transmitted to the senate,
where it will be confirmed. Postmas-
ter Blodgett has been in charge of
the local office since the death of
Major Smythe in 1901, and several
years before then he served as as-
sistant postmaster.

Torture by Savages.
"Speaking of the torture to which
some of the savage tribes in the Philip-
pines subject their captives, reminds
me of the intense suffering I endured
for three months from inflammation
of the kidneys," says W. M. Sherman
of Cushing, Me. "Nothing helped
me until I tried Electric Bitters,
three bottles of which completely
cured me." Cures liver complaint,
dyspepsia, blood disorders and ma-
laria, and restores the weak and ner-
vous to robust health. Guaranteed by
all druggists. Price 50c.

Bride Was Crazy.
Evansville, Ind., Feb. 28.—Mrs. Edith
Stitsworth, who is suing for divorce,
alleges that she was crazy when she
married her husband and that he joined
her in wedlock for the sake of get-
ting her money. She is 19 years old and
is pretty. As soon as she realized
what she had done, she alleges, she
brought suit. In her testimony in
court Mrs. Stitsworth said she did not
remember her wedding day.

Cured Consumption.
Mrs. B. W. Evans, Clearwater, Kan.,
writes: "My husband lay sick for
three months. The doctors said he
had quick consumption. We procured
a bottle of Ballard's Horehound Syrup
and it cured him. That was six years
ago and since then we have always
kept a bottle in the house. We can-
not do without it." For coughs and
colds it has no equal. 25c, 50c and \$1.
Sold by W. M. Johnson.

THE "DODGING PERIOD"

RUSSIA IS PLANNING TO PREVENT TROUBLE

Does Not Want France And Germany to Go to War.

RUSSIA IS MUCH CONCERNED

A War Would End the Possibility of Contracting Another Loan in Paris of Which Russia Is in Urgent Need. Hope of Agreement Abandoned.

St. Petersburg, Feb. 28.—Russia is using all her influence at Berlin to prevent a rupture between France and Germany. Her action has been taken at the instance of Paris, where the Rouvier government is apparently convinced that Germany proposes to persist in her attitude even to the point of provoking war.

On account of those relations existing between the courts of Berlin and St. Petersburg, it is believed, in France, that Russia will have more influence on Emperor William than any other power.

Earnest representations in favor of concessions to insure avoidance of an appeal to arms were accordingly being made to which Germany replied that she had no desire to provoke war. Nevertheless, she gave indication that she proposed to modify her attitude, and Russia's latest advances from Algeiras say that practically all hope of agreement has been abandoned.

The head of the Russian reports that the conference will be fruitless, although he expresses a decided opinion that hostilities will not result. Russia is much concerned about the situation, as war between France and Germany would greatly embarrass her. Not only is Russia so engrossed with the internal situation as not to be able to offer aid to her ally, but war would end the possibility of contracting another loan in Paris, of which Russia is in urgent need.

Premier Witte has now become a distinct advocate of an Anglo-Russian understanding, and it is understood that negotiations have been or are about to be re-opened in London to determine the status of this agreement. If they are successful, a new grouping of the powers will undoubtedly check Germany's ambitions. The main obstacle to an understanding is the dispute regarding the respective spheres of influence of Russia and Great Britain in Persia, as the Russians are loath to abandon their plans for reaching the Persian gulf.

Land Frauds Discovered.

Salem, Feb. 28.—Fifteen forged land certificates of the Oregon school land were presented to the state land office covering several thousand acres of land in southern Oregon. The land certificates are purported to have been issued in 1902 to Frank Toland, of Wisconsin. Toland, it is alleged, was brought out from Wisconsin by the defendants in the recent government land fraud trials at Portland to controvert the evidence of the prosecution. It is understood here that the certificates were given Toland to recompense him for expenses incident to his appearance at the trials.

Danish Explorer Leaves for West.

New York, Feb. 28.—Captain Mikkelson, the Danish explorer who has been in this city for several weeks preparing for an arctic expedition which is to leave San Francisco, has started for the west. The expedition is going to Banks Land under the joint auspices of the Royal Geographical Society, of London, and the American Geographical Society. The American society gave the explorer money to purchase a vessel on the Pacific coast.

To Pave Public Square.

Gainesville, Ga., Feb. 28.—There seems but little doubt now that the public square in Gainesville will be paved with vitrified brick this year. It is understood that Mayor Mitchell and a majority of the members of council propose to pave the square and pay for the work as they go. It costs a considerable sum to keep the square clean, and in wet weather it is a regular lobby of mud.

AN ENJOYABLE WHIST PARTY

Given by Dr. and Mrs. J. H. Alderman in Honor of Miss Johnson.

One of the most enjoyable social events of the season was the whist party tendered by Dr. and Mrs. J. H. Alderman at their home on Alachua avenue, Tuesday evening, in honor of Miss Celia Johnson of Atlanta, who is their guest.

The guests were admitted to the hallway by little Miss Jessie Chesnut, when they were received by Mrs. H. H. McCreary and presented to the receiving party, composed of Dr. and Mrs. Alderman, Dr. Seigler, Miss Johnson, Mrs. W. L. Seigler of Waldo and Mrs. W. M. Johnson.

After indulging in social conversation the guests engaged in a game of progressive whist. An exciting contest ensued and the ladies' prize, which was a handsome cut-glass bowl, was cut for by by Mesdames Duncan and J. M. Dell, Jr., the former winning the prize and in a gracious manner presented it to the guest of honor. The ladies' consolation prize, a beautiful hand-painted china nut bowl, was cut for by Mrs. W. R. Steckert and Mrs. Geo. P. Morris, the latter being the successful contestant. The gentleman's prize, a handsome leather cigar case filled with pure Havana, had to be cut for by Messrs. John Chesnut, Benmont Tench and Ben Richards, the latter carrying off the honor. Dr. J. H. Colson having failed to score a point during the evening, was awarded the "booby," an elegant deck of cards. Miss Ida Burkheim kept the score during the game. Mrs. Geo. W. Brumley presided at the punch bowl and Mr. W. R. Steckert presented the prizes in that felicitous manner for which he is noted.

The house was profusely decorated, the yellow scheme being carried out in the hall, pink in the parlor and red in the dining-room.

Delicious refreshments consisting of salad, coffee, strawberries and cream were served during the evening.

The hostess was handsomely gowned in black lace over silk and carried a bouquet of pink carnations, while the guest of honor looked very dainty in all white and white carnations.

Orino Laxative Fruit Syrup stimulates the liver and thoroughly cleanses the system and clears the complexion of pimples and blotches. It is the best laxative for women and children, as it is mild and pleasant, and does not gripe or sicken. Orino is much superior to pills, aperient waters and all ordinary cathartics as it does not irritate the stomach and bowels. J. W. McCollum & Co.

J. H. SPARKS' BIG VIRGINIA SHOWS

Drew a Large Number of People to City to See Elephant.

THE STREETS WERE CROWDED

And the Street Parade Was Witnessed by Old and Young—Show Was First-Class and All Acts Well Done—Attendance Quite Large.

The weather on Wednesday morning was cool and bright, but at an early hour the people from the country commenced to assemble on the streets to watch for the street parade of John H. Sparks' show, which was set for 12:30 o'clock, and when it did show up the streets were literally black with people.

At the appointed hour the performance for the afternoon was given before a large crowd, the big tent being nearly filled. The acts of the numerous artists were all clean-cut and deserved the applause bestowed. One thing at a time is enough to satisfy the average audience, and as there are no waits, one act following the other in rapid succession, the Sparks show pleases the people.

Many of the acrobatic feats were first-class, the clock-wire performance very clever, and the big elephant did his stunt without being pricked with a sharp hook by his keeper, which was decidedly refreshing to people who have any feeling for dumb animals.

R. B. WEEKS, Ch'n. Bd. Pub. Inst.

Attest: J. L. KELLEY, Sec. and Supt.

At 4:30 o'clock Tuesday morning, says The Ocala Banner, about 100 yards east of the crossing of the two roads a head-on collision occurred on the S. A. L. track. Engine No. 357 had carried an extra to Waldo and was returning light, or only with a cab, and was evidently going at a lively clip. The train was in charge of Conductor Callahan, Engineer Bradley and Leno Gamble, his colored fireman. The yard switch engine, No. 239, in charge of Engineer J. L. Williams and fireman C. M. Parrish (white), was switching a long and heavy train of cars. The engineer on 357 saw 357 coming down on him and blew his whistle and reversed his engine, but his train was so heavy that he hardly got any backward motion on at all before the collision occurred. Both he and his fireman jumped as the crash occurred. Mr. Williams was not injured at all, but Mr. Parrish had his foot rather painfully bruised. Engineer Bradley, on 357, was not injured at all, but his fireman, Gamble, had his feet scalded by steam, and a colored brakeman, Wiley Long, who was asleep in the cab of 357, was found in the end of the car with his head very badly cut. None of the injured will be laid up for long. It required several hours to clear the tracks. Neither engine left the rails but they were so badly demolished in front and interlocked that they could not be separated for some time.

CLOSING OF THE BIBLE CONFERENCE

Two Large Meetings Held Sunday Afternoon and Evening.

TWO MASTERFUL SERMONS

Dr. Tigert, Chapman and Strouse Stir the Large Audiences With Eloquent and Touching Words—Ends in Spirit of Good-Fellowship.

The closing day of the Bible Conference was a most beautiful one, and in the afternoon there was a large audience present to listen to the last sermon of that eminent divine, Rev. John J. Tigert, who has won the hearts of all by his sound logic.

The usual song service by the choir was followed by Bible readings by the speaker from the Fifth Chapter of Matthew, twenty-ninth verse: "And, if thy right eye offend thee, pluck it out and cast it from thee," referring also to similar chapter in the Book of St. Mark.

Mr. Bagby then sang with much expression the sacred solo, "I Heard the Voice of Jesus."

The learned exponent of the gospel presented his discourse with a prayer, the words of which thrilled his hearers as he feelingly exclaimed, "O, God, we are about to engage in the careful and deliberate study of the Word of God," and his words were delivered with such deep feeling that it seemed to many that one inspired stood before them.

In the course of his remarks he said that every man is as bad as his worst habitual fault, and there is no averaging up. No man is stronger than his weakest point. And to illustrate, he said that if a man lived a pure life all week in the year, and on the 52d week engaged in what might be deemed, he would be judged from the lowest standpoint of his manhood, as shown in the one week.

Throughout the entire sermon he showed his thorough understanding of the subject, and it was conceded he fairly outdid himself in his entire discussion of the various points brought forth.

The meeting was one long to be remembered.

Evening Meeting.

The Tabernacle was none too large to hold the throng assembled there on Sunday at 7:30 p. m., to pay a farewell tribute to the Bible Conference workers. The large audience had a tendency to fill the speakers and people with a most animated feeling, and after playing by the choir Dr. Strouse took occasion to announce the coming of Chapman, and in response to his complimenting the list of attractions this year, Rev. Dr. Tigert responded with a hearty amen. He stated that he had been made aware of the fact

the body, don't dose it with medicine. Scott's Emulsion is the best nourishment in existence. It is more than a food; you may doubt it, but it digests perfectly easy and at the same time gets the digestive functions in a condition so that ordinary food can be easily digested. Try it if you are run down and your food doesn't nourish you.

SCOTT & BOWNE, 409 Pearl Street, New York.

that an effort was on foot to give him a pecuniary remuneration for his services, but he most respectfully declined anything at all.

Dr. Tigert offered prayer, and then Dr. Strouse stated that the last of the best Conference ever held was near the close, and it was the best ever held in Gainesville, and only the third, which was a grand success. He paid a high tribute to the speakers who had been here, also to the good people from all over the Union who had come to attend the meetings.

After a sacred solo by Mr. Bagby Dr. Chapman read the Scripture lesson from the 18th chapter of St. Luke, 35th verse: "And they old him that Jesus of Nazareth passed by."

"Nearer, My God, to Thee," was then sung by the choir, when Dr. Chapman preceded his discourse by a few encouraging words for the Conference. He spoke of the Conference at Winona Lake, Ind., where he has charge, which started eleven years ago with thirty-five people present, and now there are from 2,800 to 3,000 ministers there every year, and expressed gratitude toward the people here and his pleasure at the grand meetings.

During his discourse Dr. Chapman kept the closest attention of his large audience, and during a short pause the people were so intently listening to catch every word, that it would have been easy to have heard the proverbial pin drop. In his closing he said he always had the last word at his own Conference at Winona Lake, and he then called Dr. Strouse to perform a similar duty.

Dr. Strouse then offered prayer and gave a very touching eulogy of all who had worked for the good cause. He spoke feelingly and touched the hearts of his hearers. It was but a few moments, but the time was most interesting to all, and the people seemed with one accord to indicate by their expression of features, "God bless Clarence B. Strouse."

"Blest Be The Tie" was sung and the third and best of all the Conferences was at an end.

Bible Class.

The Bible class had their usual meeting at 10:30 a. m. Monday.

MORE RURAL ROUTES.

Inspector Brittain is Here for the Purpose of Establishing New Ones.

Rural Route Inspector A. B. Brittain of Lake City, who has charge of the routes in this district for the United States government, has arrived in the city for the purpose of establishing Routes 3, 4 and 5, which have been requested by Postmaster Arnow and recommended by Third Assistant Postmaster General Bristow. Mr. Brittain expects to begin work of establishing these routes at once, and as soon as his report is received and approved by the postoffice department the same will be approved and the routes authorized. This will afford a big advantage to those residing in the country within a radius of nine miles from Gainesville, as it will afford a daily mail service.

For Toting a Pistol.

Deputy Sheriff Granger on Sunday arrested James English, colored, wanted in Bradford county upon a charge of carrying concealed weapons. Sheriff Bennett of Starke arrived in the city Monday and in the afternoon returned with his prisoner.

GAINESVILLE HAS NEW ICE FACTORY

Gainesville Ice Company Will Begin Business This Morning.

CAPACITY OF THIRTY TONS

Factory Has Been Enlarged and Improved, and is Now One of the Most Modern and Complete in the State. Owned by H. F. Watts.

From Tuesday's Daily Sun.

The Gainesville Ice Company will turn the steam onto their elegant new plant today, which will add another industry to the rapidly-increasing manufacturing enterprises of Gainesville.

The plant is located at the junction of the Atlantic Coast Line and Seaboard, on the site formerly occupied by the Success Ice Company. The factory is of thirty tons capacity, and is owned by H. F. Watts, who purchased the original plant of the Success Company several months ago. A new Columbus machine has been added to the plant, which gives the concern a total of thirty tons per day capacity.

The increasing demand for ice, necessitated by the heavy movement of perishable freight from this section, will give both ice manufacturing plants in this city a good business, as cars are ice here for all points within a radius of several miles around Gainesville.

SOLD A FINE GROVE.

J. S. Goode Disposed of Fine Property to J. R. Russian of Tampa.

J. S. Goode, who has within the past two or three years accumulated considerable property in and around Tampa, has recently sold to J. R. Russian of that city a handsome bearing grove of three acres, which is one of the finest properties of the kind, taking into consideration the acreage, in the State. The grove is an old one, having been uninjured by the great freeze of 1894, and is yielding a crop of 900 boxes every year. The fruit is of extra quality, very handsome, and brings good prices in the Northern markets.

Mr. Goode has in reserve forty fine building lots on the outskirts of Tampa, which will bring a good price after awhile.

Backache, "The Blues"

Both Symptoms of Organic Derangement in Women—Thousands of Sufferers Find Relief.

How often do we hear women say: "It seems as though my back would break," or "Don't speak to me, I am all out of sorts"? These significant remarks prove that the system requires attention.

Backache and "the blues" are direct symptoms of an inward trouble which will sooner or later declare itself. It may be caused by diseased kidneys or some derangement of the organs. Nature requires assistance and at once, and Lydia E. Pinkham's Vegetable Compound instantly asserts its curative powers in all those peculiar ailments of women. It has been the standby of intelligent American women for twenty years, and the best judges agree that it is the most universally successful remedy for woman's ills known to medicine.

Read the convincing testimonials of Mrs. Holmes and Mrs. Cotrely.

Mrs. J. C. Holmes, of Larimore, North Dakota, writes:

Dear Mrs. Pinkham:— "I have suffered everything with backache and female trouble—I let the trouble run on until my system was in such a condition that I was unable to be about, and then it was I commenced to use Lydia Pinkham's Vegetable Compound. If I had only known how much suffering I would have saved I should have taken it months sooner—for a few weeks' treatment made me well and strong. My backaches and headaches are all gone and I suffer no pain at my monthly periods, whereas before I took Lydia E. Pinkham's Vegetable Compound I suffered intense pain."

Mrs. Emma Cotrely, 109 East 13th Street, New York City, writes:

Dear Mrs. Pinkham:— "I feel it my duty to tell all suffering women of the relief I have found in Lydia E. Pinkham's Vegetable Compound."

Ask Mrs. Pinkham's Advice—A Woman Best Understands a Woman's Ills.

ham's Vegetable Compound. When I commenced taking the Compound I suffered everything with backaches, headaches, and female troubles. I am completely cured and enjoy the best of health, and I owe it all to you."

When women are troubled with irregular, suppressed or painful periods, weakness, displacements or ulceration, that bearing-down feeling, inflammation of the female organs, backache, bloating (or flatulence), general debility, indigestion and nervous prostration, or are beset with such symptoms as dizziness, faintness, lassitude, excitability, irritability, nervousness, sleeplessness, melancholy, "all gone" and "want-to-be-left-alone" feelings, blues and hopelessness, they should remember there is one tried and true remedy, Lydia E. Pinkham's Vegetable Compound at once removes such troubles.

No other medicine has such a record of cures of female troubles. No other medicine in the world has received this widespread and unqualified endorsement. Refuse to buy any substitute.

FREE ADVICE TO WOMEN.

Remember, every woman is cordially invited to write to Mrs. Pinkham if there is anything about her symptoms she does not understand. Mrs. Pinkham is the daughter-in-law of Lydia E. Pinkham, her assistant before her decease, and for twenty-five years since her advice has been freely and cheerfully given to every ailing woman who asks for it. Her advice and medicine have restored to health innumerable women. Address, Lynn, Mass.

FATAL ACCIDENT ON THE COAST LINE

Freight Train Derailed in a Cut
and Then Tipped Over.

MEN CAUGHT UNDER THE CARS

Foreman Swails and Two Negro
Workmen Injured—Swails and One
Negro Died of Injuries—One Other
May Not Recover.

High Springs, Feb. 27.—A wreck occurred on the A. C. L. Railroad at Ichetucknee river on the 24th with peculiar and fatal results. The flange of a wheel broke, derailling a freight train in a cut. The section gang were standing on one side to let the train pass when it was overturned directly opposite, falling upon them and severely injuring Apprentice Foreman M. H. Swails and two negro laborers, Riley and Patterson. Dr. Wm. Sutherland, surgeon of the Atlantic Coast Line, reached the scene by special car and gave all the assistance possible to the wounded, but Mr. Swails and Riley died of their injuries. Patterson, who is in a critical condition, has been removed to the hospital at Waycross.

Mrs. G. W. Easterlin has gone to Atlanta to secure the newest effects in millinery for the benefit of her customers.

Mrs. C. C. Barrs and Mrs. Raymond Futch attended the Bible Conference in Gainesville last week.

Col. Estes Baxter of Gainesville was in town yesterday on business, and while here made a most appreciated call upon his friends.

The national lecturer of the W. C. T. U. delivered a lecture in the Methodist church Sunday evening, after which was organized the High Springs Union with a membership of 36. The following officers were elected: Mrs. William Futch, president; Mrs. P. P. Wood, corresponding secretary; Mrs. M. G. Webb, recording secretary; Mrs. J. L. Grimes, treasurer; Mrs. S. B. Phifer, vice-president, Methodist church; Mrs. M. G. Knight, vice-president, Baptist church; Mrs. L. Young, vice-president, Presbyterian church; and Mrs. R. C. Vaughn, vice-president, Episcopal church. Much interest is felt in this movement here, and the membership is enthused by the opportunity for doing such great work as the temperance cause presents.

An aged gentleman, Mr. Jones, father of our townsman, J. W. Jones, died in High Springs Sunday, the 26th, and his funeral took place on Monday.

AWFUL PSORIASIS 35 YEARS

Terrible Scaly Humor in Patches
All Over the Body—Skin Cracked
and Bleeding—Itching Unbear-
able—Cured by Cuticura in Thirty
Days at Cost of \$4.75.

ANOTHER WONDERFUL CURE BY CUTICURA

"I was afflicted with psoriasis for
thirty-five years. It was in patches all
over my body. I used three cakes
of Cuticura Ointment, and two
bottles of Cuticura Resolvent. I
bathed with the Resolvent once a
day, and took the Ointment once a
day, and took the Resolvent as di-
rected. In thirty
days I was completely cured, and I
think permanently, as it was about five
years ago.

"The psoriasis first made its appear-
ance in red spots, generally forming a
circle, leaving in the center a spot about
the size of a silver dollar of sound flesh.
In a short time the affected circle
would form a heavy dry scale of a white
silvery appearance and would gradually
drop off. To remove the entire scales
by bathing or using oil to soften them
the flesh would be perfectly raw, and a
light discharge of bloody substance
would ooze out. That scaly crust would
form again in twenty-four hours. It
was worse on my arms and limbs, al-
though it was in spots all over my
body, also on my scalp. If I let the
scales remain too long without remov-
ing by bath or otherwise, the skin
would crack and bleed. I suffered
intense itching, worse at nights after
getting warm in bed, or blood warm
by exercise, when it would be almost
unbearable.

"To sum it all up, I would not go
through such another ordeal of affliction
for thirty-five years for the State of
Kansas. (signed) W. M. Chidester,
Hutchinson, Kan., April 20, 1905."

ARCHER A GOOD TOWN.

Surveyor Patton Declares It is One of
the Coming Towns of County.

"Of all the growing towns I have
ever seen anywhere, and any time, is
that town of Archer," remarked J. W.
Patton, surveyor, who has just returned
from a professional visit to that sec-
tion. "Property is changing hands
rapidly, the people are determined on
erecting manufacturing plants and in
all Archer is going to become one of
the most important points in Ala-
chua county."

Mr. Patton states that a number of
real estate transfers have been made
in and near Archer within the past
month. He says Gainesville is not the
only place in the county growing, but
that the fever has struck the whole
county, with the result that those who
have money are buying up lands where
they can get them.

Among the most important transfers
of real estate in Archer recently was
the purchase of twenty lots of two and
one-half acres each by B. F. Waller
from S. A. Swann of Fernandina. These
lots are conveniently located, and the
new owner expects to divide them into
building lots and place them on the
market.

Mr. Patton states that C. D. Wood,
one of the most widely known and
most energetic citizens and business
men in that section, will soon erect a
bottling works and will supply all the
country with soda water and other
beverages. Mr. Wood is the senior
member of the firm of Wood & Hodg-
son, merchants.

In all Archer is on the upward grade
and it will not be a great while before
this will be one of the leading centers
of this section.

She resided in Florida upwards of forty
years, and will be more distinctly
remembered by the older citizens.
She was a devout Christian, and a

NEW CIGAR FACTORY IS IN OPERATION

La Matanzas Will Turn Out Fin-
est Circle of Smokers.

WILL BE A GOOD THING

Commercially for the Merchants of
the City, as it is Proposed to Em-
ploy a Good Force Who Command
Good Salaries and Spend Money.

Gainesville is "fairly humming"
when it comes to new manufacturing
enterprises, as well as building of all
kinds. One of the latest acquisitions
to the manufacturing interests is a
cigar factory, the Matanzas, which has
just started business in the Haymans
block, corner West Main and East
Union streets. The new factory is
owned and managed by H. S. Thomas
of Tampa, a practical cigar-maker of
many years' experience.

Mr. Thomas is not only a cigar-
maker, but an all-round tobacco man,
and proposes to supply the trade with
nothing but the best goods—cigars
which will make Gainesville famous.

A small force will be employed at
the beginning, but the proprietor ex-
pects to place such material in his
cigars that it will become necessary
from time to time to increase his
force, which will mean a good thing
commercially for the city.

The funeral was attended by Kirby
Smith Chapter, U. D. C., of which de-
ceased was a member, and which chap-
ter furnished some beautiful floral of-
ferings as a demonstration of their

of other friends present, and the home,
where the services were held, proved
inadequate to accommodate those who
desired to gain admission.

The relatives present were Mrs. A.
H. Leonard, mother of the deceased;
Sam Leonard, a brother; Mr. and

COTTON FACTORY.

Jacksonville business men are aware of the fact that a cotton factory would be a good thing in Florida, and they will not be long in organizing a company to build one, if they make up their minds to go ahead with it.

Gainesville has capital enough to build a cotton factory, that could not be located to better advantage, still has even a cotton warehouse will be built. There is money being made in other towns that should come to Gainesville, and many business men are aware of this fact. The trade could be diverted to this city, if proper steps were taken, and it remains to be seen whether these men will grasp the opportunity after every will-o'-the-wisp that comes along.

Alachua county is one of the best farming sections of the State. Gainesville ought to have the large part of their trade. Will she get it?

Mrs. Yerkes' new husband has a place for a few of her dollars. An actress will see him for breach of promise.

During late are carefully examined by the ladies and much admired, and the gentlemen who accompany them look at the tags attached to them with fear and trembling.

A two-year-old child was run over and killed by a Pensacola street car Sunday, yet people will let their children play in the streets regardless of the dangers that await them.

Senator Tillman is taking hold as a leader in a manner that is a surprise to both his friends and those who oppose him. He has the ability and seems to have the inclination to do his best.

Just as the government has completed over \$800,000 improvements at the two points, it is reported that the two companies of artillery at Forts Rife and Deane will be removed to Fort West and Galveston.

W. K. Vanderbilt, who with his wife are now touring in Italy, ran over a child with their machine, a few days ago, and the people were so incensed that they dropped their hand-organs and started to mob W. K. and wife.

A bust of Captain John Smith, the one time governor of the Old Dominion, has been presented to the Governor of Virginia. It is of bronze and modeled by Gen. Baden-Powell of the British army, a lineal descendant of Capt. John.

Jacksonville will have a cotton mill for the manufacture of the Sea Island product. Gainesville ought to have one, and the citizens should make an effort to organize a company to start it. The two factories at Quitman, Ga., pay over 10 per cent on the investment.

A Kentucky banker wanted a railroad ticket, and had only a \$2 bill. It required \$3 to get the ticket. He took the \$2 bill to a pawnshop and pawned it for \$1.50. On his way back to the station he met a friend to whom he sold the pawn ticket for \$1.50. That gave him \$3. Now who's out that dollar.—Law Book News.

THE BIBLE CONFERENCE.

The Bible Conference, which closed a two-weeks' session on Sunday night, has been a very enjoyable occasion for the large numbers of people who have attended nearly every one of the sessions. It has been enjoyed because it has furnished the people an opportunity to hear some of the ablest divines in the land, as well as afforded them an opportunity to study the Bible under the direction of teachers who know that Book from beginning to end, and men who have been able to impart that knowledge to those who have sought enlightenment.

To Dr. Clarence B. Strouse the people are justly grateful for the work he has done, and it is hoped that the good feeling and brotherly love existing between Dr. Strouse and the people, those in the churches and those not professed Christians, may continue from now on.

Few people are aware of the labor such a work requires, but it is well known that the Bible Conference has brought to our city a class of people that are a credit to any city, and we want to see just such people here every year.

Let all join hands and do their utmost to keep the good work moving, and from the excellent beginning already made, the National Winter Bible Conference of Gainesville, Florida, will take its place alongside the greatest in the land.

COTTON SEED.

Many years ago the men who were the occupants of the islands along the coast of Georgia and the Carolinas were the sole growers of Sea Island cotton, and had control of the seed, no one being able to purchase any from them. After a time the seed was secured and cotton grown on the mainland. But it seems that now these men are trying to restrict the growth of the long staple, and it has been simply impossible to purchase any seed from them.

Congressman Frank Clark of this district has been trying to secure some seed for the planters of Florida, and the following letter from the Chief of the Bureau of Plant Industry, Department of Agriculture, will explain the matter to the people:

"Department of Agriculture,
Washington, D. C., Feb. 19, 1906
Hon. Frank Clark,
House of Representatives.

"Dear Sir: To this bureau has been referred your favor of the 16th inst., stating that there are six counties in your district which grow Sea Island cotton exclusively and asking that you be given an allotment of the same. In this connection I beg to say that we would be very glad to accommodate you in this matter, were it not for the fact that we have not been able to secure any Sea Island cotton seed this year. The South Carolina growers, from whom we have always obtained our supply, have refused absolutely to sell any seed outside of that State, and under the circumstances we are not distributing any seed of this variety this year.

"Regretting that we are not in position to meet your wishes in this instance, I remain

"Very respectfully,
R. T. GALLOWAY,
Chief of Bureau."

Dangers of Pneumonia.

A cold at this time if neglected is liable to cause pneumonia which is so often fatal, and even when the patient has recovered the lungs are weakened, making them peculiarly susceptible to the development of consumption. Foley's Honey and Tar will stop the cough, heal and strengthen the lungs, and prevent pneumonia. LaGrippe coughs yield quickly to the wonderful curative qualities of Foley's Honey and Tar. There is nothing else "just as good." J. W. McCollum & Co.

If there is anything that pays as well as cotton, plant it, and don't let the men who run the bucket shops run the farmers. The brokers will always have the prices of cotton unsettled so long as they control it, and the growers should make a strong effort to drive them out of business. Supply and demand are the best regulators, and it is the true Democratic way.

Cured Consumption.

Mrs. B. W. Evans, Clearwater, Kan., writes: "My husband lay sick for three months. The doctors said he had quick consumption. We procured a bottle of Ballard's Horehound Syrup and it cured him. That was six years ago and since then we have always kept a bottle in the house. We cannot do without it." For coughs and colds it has no equal. 25c, 50c and \$1. Sold by W. M. Johnson.

FRIENDS TELL FRIENDS— "NOTHING LIKE PE-RU-NA."

PE-RU-NA'S POPULARITY
IS IN NO SMALL MEASURE
DUE TO THE GENEROUS
PRAISE GIVEN IT BY
GRATEFUL PEOPLE.

Tells Every One About Pe-Ru-Na.
Mrs. R. T. Fennessey, Bound Brook, N. J., writes:

"I have taken Peruna and find it a very good medicine. After I took one bottle of Peruna, I was cured of my cold. I cannot help telling every one I know about Peruna and asking them to try it. I would like every one to know of the good Peruna does."

Recommended Per-Ru-Na to Many.
Mrs. J. M. Horton, 938 S. 15th street, Birmingham, Ala., writes:

"I had a severe attack of la grippe. After taking the third bottle of Peruna I was fully restored to health. I have recommended it to many."

A Neighbor Advised Pe-Ru-Na.
Mrs. John Haynes, 107 E. Main St., Columbus, Ohio, writes:

"For over two years I suffered with headaches and severe pains in my head, and all these two years my friends would say, 'Why don't you take Peruna?' 'Finally one of my neighbors just insisted on my taking it. I tried it, and before I had taken one-fourth of a bottle my headaches were gone. I am never without Peruna. I advise every one to take Peruna.'"

Friend Advised Use of Pe-Ru-Na.
Mr. E. W. Staley, 312 Fillmore St., Nashville, Tenn., writes:

"I was down for three months with pneumonia and had gotten very weak. A friend advised me to try Peruna, which I did, and soon found it was the thing I needed. When I finished the third bottle, I found I weighed more than I ever did in my life."

Spreading the Good News.
Prof. J. Ivison, dealer in musical merchandise, box 314, Cumberland, Md., writes:

"It is now five months since my wife began taking Peruna and from the first day improvement has been going on noticeably. She is now in good health. We never tire of making this fact known to our many friends."

A Friend Had Used Pe-Ru-Na.
Mr. Henry I. Goodwin, portrait artist, 38 Grove street, E. Boston, Mass., writes:

"For three years I have been suffering from a general rundown condition of the system. I tried many remedies. A friend of mine advised me to use Peruna, as it had benefited him. After taking two bottles I felt better. Now I am in the best of health."

COTTON MARKET.

The Sea Island cotton market closed last week with an easy feeling. The planting does not show much activity, owing to the low prices, which growers claim leave them no profit. The restricted sale of fresh seed by the Carolina growers will put a stop to some planting. This means that less of the best seed will be planted, although there will be a sufficient quantity of good seed to be had.

The price will be governed to some extent by the number of acres to be planted, and as many claim they can make more money by day labor than by planting cotton, the small acreage may send up prices a trifle. But as the planting will not be done to any extent until the middle of March, prices will remain unsettled for some time.

ANOTHER LUMBER COMPANY STARTED

Timber Lands Amounting to Nearly 19,000 Acres Secured.

GREENVILLE YELLOW PINE CO.

J. R. Fowler of This City General Manager—A First-Class Saw and Planing Mill to be Located at Greenville.

One of Gainesville's leading lumbermen, J. R. Fowler, has been looking up new fields for operation, and after closing a successful season of lumbering at Lennon, has been casting about, until now he has succeeded in getting hold of about 19,000 acres of fine timber near Greenville, Madison county, and in company with the J. S. Betts Lumber Company of Ashburn, Ga., the largest lumber concern in the State of Georgia, has organized the Greenville Yellow Pine Company, for the purpose of cutting out the timber, which it is estimated will amount to between ninety-nine and a hundred million feet.

The company is capitalized at \$100,000, and Mr. Fowler has been elected vice-president and general manager. A new double circular Filer & Stowell mill with a capacity of 72,000 feet per day will be put in and some of the machinery from the Lennon mill added to it. Planers and a dry kiln will also be put in operation, and the concern will be complete in every detail.

A logging road will be built to get the logs to the mill and the work will be begun as soon as possible.

The tract contains yellow pine and cypress, the latter being in large quantities, and the firm will certainly strike it rich, as all are thorough mill men, and the prices paid for pine at the present time will bring them in a large revenue.

G. B. Burhans Testifies After 4 Years.

G. B. Burhans of Carlisle Center, N. Y., writes: "About four years ago I wrote you stating that I had been entirely cured of a severe kidney trouble by taking less than two bottles of Foley's Kidney Cure. It entirely stopped the brick dust sediment, and pain and symptoms of kidney disease disappeared. I am glad to say that I have never had a return of any of those symptoms during the four years that have elapsed and I am evidently cured, and heartily recommend Foley's Kidney Cure to anyone suffering from kidney or bladder trouble." Torture by Savages.

"Speaking of the torture to which some of the savage tribes in the Philippines subject their captives, reminds me of the intense suffering I endured for three months from inflammation of the kidneys," says W. MELROSE MINUETS.

Military Euchre Party—Dancing Party. Lecture and Other Social Events.

Melrose, Feb. 27.—As usual Mr. and Mrs. J. A. Remmel's military euchre party on February 22nd, was one of the looked-for events of the season. The large room was very prettily decorated with hanging of the national colors, American flags of all sizes and Japanese lanterns. The twelve forts were all named after forts of the period of '76. Before the games began a delicious oyster supper was served. After a series of most spirited games, the eight winners of the two tables holding the most flags were made happy by some very handsome prizes. Prizes for the most lone hands were also given. The evening was a most enjoyable one, and will be long remembered by all present.

Mr. and Mrs. C. K. Foster of Newton, N. J., are late arrivals at the Huffman House.

The steamer Alert had to make several extra trips to bring over two carloads of fertilizers last week.

An entertainment will be given at the Ladies' Hall on Monday evening, Feb. 26th, at 7:30 o'clock. Admission, 25c. Dancing afterwards.

At the next regular meeting of the society on March 9th, Mrs. Lawler will read a paper on "Memories of the Old South."

Doctors Are Puzzled.

The remarkable recovery of Kenneth Melver of Vaneboro, Me., is the subject of much interest to the medical fraternity and a wide circle of friends. He says of his case: "Owing to severe inflammation of the throat and congestion of the lungs, three doctors gave me up to die, when, as a last resort, I was induced to try Dr. King's New Discovery and I am happy to say, it saved my life." Cures the worst coughs and colds, bronchitis, tonsillitis, weak lungs, hoarseness and lagrippe. Guaranteed at all drug stores. 50c and \$1. Trial bottle free.

GOT HIS DIPLOMA.

C. C. Pedrick Awarded First Premium on Carriages.

C. C. Pedrick has at last received his diploma from the Florida Mid-Winter Fair for the finest buggies and carriages made in Florida and exhibited at the State Fair. This is a compliment to Mr. Pedrick and Gainesville, and it only shows what could be done in the way of a large factory if the people could be aroused.

There is no need of sending away for vehicles when we can make as good at home.

Do Not Be Imposed Upon.

Foley & Co., Chicago, originated Honey and Tar as a throat and lung remedy, and on account of the great merit and popularity of Foley's Honey and Tar many imitations are offered for the genuine. These worthless imitations have similar sounding names. Beware of them. The genuine Foley's Honey and Tar is in a yellow package. Ask for it and refuse any substitute. It is the best remedy for coughs and colds. J. W. McCollum & Co.

Attractions

THE Florida Winter Chautauqua, which will be held at Gainesville from March 2 to 15, will present a greater number of high-class attractions than have ever been presented before in this State. Dr. W. L. Davidson, President of the National Chautauqua Alliance, has arranged the program with special care and remarkable success. A careful perusal of the following list will reveal its commanding preeminence:

Capt. Richmond Pearson Hobson.

The "Hero of the Merrimac," whose heroic deed was one of the immortal acts of the Spanish-American War. Idol of the South and whole country, a man who has high purpose in all his work; and has a message worth hearing, full of sublime patriotism. America has few better orators.

Senator Jonathan P. Dolliver.

A man of National reputation, acknowledged everywhere to be the most eloquent speaker of the United States Senate. It is difficult to secure the presence of such a man so busy with work, and the patrons of the Chautauqua should be rejoiced at the opportunity of hearing this splendid man.

Preston W. Search.

A man with a burning mission. Lectures that are attractive and entertaining and, most of all, instructive. A man who has studied abroad, with special reference to literature, history, music and art. At least one of his lectures will be illustrated with stereopticon.

Alexander R. Tarr.

A young man whose natural oratorical gifts have been developed by careful schooling and training. Has succeeded marvelously in his lyceum work. He has great ability and pleasing stage presence.

Dr. Samuel Phelps Leland, LL. D.

One of the well known lyceum celebrities. He has long been a platform star. His lectures are the outgrowth of a student's labors, and have been a lasting benefit and interest to all.

Chas. W. Sullivan.

A famous preacher of Ohio, a thoroughly self-made man, a graduate of the best schools, with special training in elocution, oratory and art. A most interesting speaker who illustrates his work with admirable crayon sketches.

Lee Francis Lybarger.

A member of the Philadelphia bar, a man who has won renown by stirring political addresses, endowed by nature with those particular qualities which distinguish great orators. A wonderful voice, musical enunciation, dictation of the purest English, delivery earnest and dramatic. He is at the head of his profession.

Rev. F. J. Stowe.

Dean of the School of Oratory of the Cumberland University, Lebanon, Tenn. Lecturer and impersonator, an artist in every sense of the word, not only in his public readings, which include the best literature, but in his delightful lecture on "View of Life," which is illustrated by vivid delineation of character. He is in great demand, and his coming will be a joy to all.

Edwin Cyclone Southern.

For 30 years on the platform, and has appeared in every civilized country. He has great personal magnetism, stands alone in his marvelous breadth of survey, matchless and incomparable oratory, grim, cynical and mephistophelian humor and soul-stirring powers of description.

W. C. Frost.

A newspaper man with nation-wide reputation. In loftiest eloquence and purest English he depicts in graphic style the marvelous career of "Napoleon," and lectures also on "Fancies and Love."

Otterbein Male Quartette.

In the fifth year of platform work; one of the best ever organized. Their music will be a source of continual delight.

Lady Washington Quartette

Of Chicago, an exceptional organization which has appeared with remarkably uniform success. Each member of the quartette a soloist, and a variety and charm of appropriate music will be added to the unequalled quartette work which they do.

Miss Marlea Bishop.

A superb soloist who has had the best advantages in the great capitals of Europe and has studied under the best masters. Certain to please.

Miss Mary Florence Stevens.

In delightful song recitals in costume; one of the most attractive singers before the public; renders the old ballads of England, Ireland and Scotland. The novelty and picturesque costumes give a unique charm to her work.

Miss Lilly E. Burke.

Reader, a true artist in her line, and shows by voice, expression and gesture her mastery of the most difficult roles.

Joseffy.

Necromancer, presenting evenings of music, magic and mystery. Joseffy is an inventor in the field of magic. All others copy him. He is the cleverest man in his profession and all the paraphernalia and devices used in his performances are his own inventions. He is also a violinist and renders the best lighter classics with a brilliancy, polish and artistic perfection rarely attained by violinists. Nothing better can be brought to any platform.

The American Vitagraph.

With its moving pictures. The best machine for projection ever invented. It will be in the charge of an experienced operator. The pictures will be the newest and best which can be found on both hemispheres, and will include the illustrations of many famous stories which all have read with delight. The pictures are new and are selected with care from the largest factory in the world. Chautauqua patrons have never been offered anything more attractive than this delightful feature.

Ross Crane.

The man with the multifold program. He is a humorist of high order, and his work as a cartoonist and in clay modeling is the best known to the platform. This will be one of the supreme events of the Chautauqua.

TO THE TRUSTEES OF St. Johns Methodist Church

Gentlemen:—
Don't allow your church to pay 8 cents per pound for wood.

If they buy 100 pounds of White Lead in kegs they get 88 pounds of White Lead and 12 pounds of wood; but when they buy L. & M. Paint they get a full gallon of paint that won't wear off for 10 or 15 years, because L. & M. Zinc harders L. & M. White Lead and makes L. & M. Paint wear like iron.

4 gallons L. & M. mixed with 3 gallons Linseed Oil will paint an moderate sized house.

L. & M. costs only \$1.20 per gallon. C. S. Andrews, Ex-Mayor of Danbury, Conn., writes:

"Painted my house 10 years ago with L. & M. Looks well today."
